Disclosures in respect of section 85 of the German Securities Trading Act, the market abuse regulation and the Commission Delegated Regulation (EU) 2016/958

Section 85 of the German Securities Trading Act in combination with the European regulations requires an enterprise preparing a security analysis to point possible conflicts of interest with respect to the company that is the subject of the analyses. Catalogue of potential conflicts of interest:

1. The Bank and/or its affiliate(s) own a net long or short position exceeding the threshold of 0,5% of the total issued share capital of the company that is the subject of the Research Document, calculated in accordance with Article 3 of regulation (EU) No 236/2012 and with Chapter III and IV of Commission Delegated Regulation (EU) No 918/2012
2. The company that is the subject of the Research Document owns 5% or more in the total issued share capital of the Bank and/or its affiliate(s)
3. The Bank and/or its affiliate(s) was Lead Manager or Co-Lead Manager over the previous 12 months of a public offering of analyzed company
4. The Bank and/or its affiliate(s) act as Market Maker or Designated Sponsor for the analyzed company
5. The Bank and/or its affiliate(s) over the previous 12 months has been providing investment banking services for the analyzed company for which a compensation has been or will be paid
6. The responsible analyst named in this report disclosed a draft of the analysis set forth in this Research Document to the company that is the subject of this Research Document for fact reviewing purposes and changes were made to this Research Document before publication
7. The Bank and/or its affiliate(s) effected an agreement with the analyzed company for the preparation of the financial analysis
8. The Bank and/or its affiliate(s) holds a trading position in shares of the analyzed company

9. The Bank and/or its affiliate(s) has other important financial interests in relation to the analyzed company

In relation to the securities or financial instruments listed in the table below, the possible conflicts of interest are marked in the very right hand column.

The Bank have set up effective organizational administrative arrangements to prevent and avoid possible conflicts of interest and, where applicable, to disclose them. The Quirin research analysts involved in issuing research reports operate independently of Quirin Investment Banking business. Information barriers and procedures are in place between the research analysts and staff involved in securities trading for the account of Quirin or clients to ensure the price sensitive information is handled according to applicable laws and regulations.

The valuation underlying the rating of the company analyzed in the listed reports are based on generally accepted and widely used methods of fundamental valuation, such as the DCF model, Free Cash Flow Value Potential, peer group comparison and – where applicable – a sum-of-the-parts model.

We do not commit ourselves in advance to whether and in which intervals updates are made. The document and the recommendation and the estimations contained therein are not linked – whether directly or indirectly – to the compensation of the analyst responsible for the document.

All share prices given in these equity analyses are closing prices from the last trading day before the publication date stated, unless another point in time is explicitly stated.

The rating in the listed reports are based on the analyst's expectation of the absolute change in stock price over a period of 6 to 12 months and reflect the analyst's view of the potential for change in stock price as a percentage. The BUY and SELL ratings reflect the analyst's expected high change in the value of the stock.

The levels of change expressed in each rating categories are:

BUY > +10%

HOLD <=-10% and < = +10%

SELL > -10%.
